### MORE THINGS TO KNOW!

**Why don't you provide water bottles?**  
We used to but seeing the amount of plastic waste that is generated on the planet, we prefer to preserve the future of the next generation and ensure that we maintain a beautiful place for longer. This is why we now ask all our visitors to join the love and care of the planet for the good of all.

**Why are there places or activities where I am not allowed to take my own photos?**  
Some of our activities are high-risk, and we need you to focus and have both hands available at all times. This is why we have the best photographers to document your incredible moments.

**If I decide not to buy my photos, how long will they be stored in case I change my mind?**  
Your photos will be on our server for 3 months after your visit, and if you visit [wildcanyon.com.mx](http://wildcanyon.com.mx), you can buy them for a few extra bucks.

**Do you want to have more fun?**  
Stay and continue the fun! After 3 pm we offer all our single tours at a 30% discount.
